

## 5 activities to do via video call

### Sing and dance

People on both sides of the video call can have their favourite songs on. You can sing and dance together, even join in with some instruments.

Can you copy each other moves?

### Simon Says

One player is Simon and tells instructions to the other players which should only be followed when they start like this:

„Simon says....“

Who can stay in the game longer?

Who can give the quickest instructions?

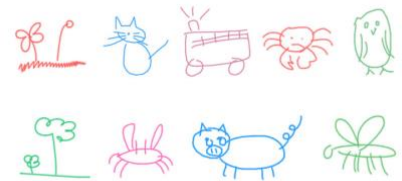

### Pictionary

Have some paper and pencil ready to draw a picture, while the person on the other side of the camera guesses what it is.

Can you draw your favourite animal?

Can you draw a nice flower?

Can you draw a person?

### Kim's game

Choose 5 small objects from around the house.

Place them on a tray or table.

Ask the others to look at the objects for 1 minute.

Cover the objects with a sheet or towel. Can you name all the objects?

Remove one object and reveal the rest. Can you see what is missing?

How many objects can you remember?

### Would you rather?

Come up with funny scenarios to ask each other, what the other person would rather do. E.g. Would you rather eat slimy snails or sniff and old pair of socks?
