

EYPP – annual spend, report for governing body.

Children receiving EYPP for the year 2016-17 was 22. The amount for the year is estimated to be approximately £6,435. The funding for the summer term has not yet come through so an accurate breakdown can not be provided at present time. The breakdown per term is as follows:

EYPP per tem:	Autumn 2016	Spring 2017	Summer 2017
Amount	2448.6	£1,919.93	£2,067 (approx.)

The following interventions were provided:

Intervention	Number of children	EYPP amount
Speech and Language Support	12	£ 3,323.10
Behaviour support Accessing Curriculum	2	£604.20
Complex needs support 1:1 accessing curriculum	1	£302.10
Key group support /Nurture group	6	£1,812.60
Total	21	£6,042

As you can see from the amount there are some discrepancies. 1 child left the setting in Autumn 2017 so therefore is not accounted. Currently our spend is slightly over the amount received. We would expect that due to the lack of accurate accounting.

I will report on EYPP progress orally. The statutory requirement for the web site will be the uploaded during the Summer holidays.
